Dear Mrs. Ledebur, Very many thanks for your letter to my husband of May 1st. The house you suggested is absolutely ideal for us at a rent much less than we had been warned we should have to pay. We wrote immediately to the Mosses accepting the deal, house, furniture & car, on the spot and have had back from them a most friendly letter confirming it. We took your word for it that it is a bargain and we are extremely grateful to you for putting us in touch with the Mosses.

We look forward very much to meeting you when we arrive in Stamford.

Yours sincerely

Julia G. Bodmer
